## Roster Flexibility

Add 4 Reserve bench positions for players on COVID, IR, PUP, or OUT

Change WR2 to FLEX(WR/RB/TE) and RB/WR to FLEX.

New Roster: QB, RB, WR, TE, FLEX, FLEX, D/ST, K

Emergency Retroactive Substitutions (Backups passively set via ESPN projections) - see full document for details

Postponed individual games are otherwise treated the same as a bye week

## Shorter Season

Reduce regular season from 13 weeks to 11 weeks – Playoffs planned for weeks 12 and 14 (NFL has byes in Week 13, not in Week 12). Players on teams with Week 13 byes have no scheduled fantasy bye week.

Reduce playoff teams from 6 teams to 4 teams

## Partial Season Contingencies

See full document for contingences for canceled or suspended NFL seasons. Affects final standings and payouts. At least 6 weeks must be played for a “complete” season.

## Weekly Prizes

High Score of the Week – Win \$40 (No more prize for season long highest points)

Bad Beat progressive prize – If the second highest score of the week loses to the highest scorer, the loser wins a progressive pot prize, which has \$15 added each week.
